ADVANCED MINISTRY DEVELOPMENT COURSE

Advanced Classes, Workshops & Seminars

The Bethesda Temple Bible Institute is committed to having clergy who are life-long learners. We believe that the life of a clergy person is a spiritual journey of renewal and excellence in Jesus Christ. The responsibility of a clergy person is to continue in study beyond the educational requirements for his/her clergy status and to demonstrate growth in professional competence and effectiveness.

This life-long learning is threefold:

- **Spiritual Formation** is the intentional pursuit of the nourishment and renewal of one's relationship with Jesus Christ through the power of the Holy Spirit and the use of spiritual disciplines.
- **Professional Development** is the intentional growth of professional identity and the skills utilized in ministry that will enhance the effectiveness and excellence of the clergy person.
- **Practical Theology** is the academic discipline that examines and reflects on religious practices in order to understand the theology enacted in those practices and in order to consider how theological theory and theological practices can be more fully aligned, changed, or improved.
